◆Skilling in DSA, OOP, LLD/HLD, SDLC, DBMS (SQL/NoSQL), OS, CN, Git, Java/Python/JS, REST APIs, CI/CD, & Cloud (AWS), Web dev, Apache Kafka, RabbitMQ, Redis, ELK Stack, MongoDB, Insomnia, Docker/Kubernetes, Spring Boot, Django/Flask, PostgreSQL, .NET.

WORK EXPERIENCE

• **JAVA DEVELOPER | INFOSYS SPRINGBOARD** **JUNE 2025–PRESENT**

- Assist in writing clean, efficient, and maintainable Java code. Collaborate with senior developers to debug and solve software issues.
- As a Java Developer Intern, I actively collaborated with the development team on a variety of projects that enhanced both technical proficiency and problem-solving skills, including:
 - Resume Builder
 - Guess the Number Game

PROJECTS

1. **WEBSITE DESIGN & UI(NON-CODE EXCEPT CSS)| JAN-2025**

- Designed personal portfolio website using Renderforest, achieving 40% increase in website views
- Implemented intuitive UI design showcasing technical expertise and professional experience

2. **Guess the Number Game | May 2025**

- Built interactive Java-based logic game with randomization algorithms and dynamic feedback, Enhanced problem-solving capabilities,

3. **To-Do List Application | August 2024**

- Developed Python-based task management application with CRUD functionality
- Integrated database storage for task persistence and completion tracking features

4. **Resume Builder Application | June 2025**

- Created web application using HTML, CSS, and JavaScript with customizable PDF generation
- Designed responsive interface for streamlined resume creation and professional formatting
